

# 10,000 Students Ready For Science Fair

## Varied Displays, Building Dedications Highlight County's 1st Science Show

By Dick Lloyd

Scientific exhibitions, the combined best efforts of 10,000 Orange County science students will be presented for judging and public showing in Bill Cook gymnasium May 3rd, 4th, and 5th, touching off the first annual Orange County Science Fair.

The purpose of the county wide exhibition is to encourage interest in various science fields and stimulate the goal of science teaching. The gigantic exposition will also give youth an opportunity for exchanging ideas and competitive experience.

### Prizes Presented

Substantial prizes will be presented to the winners of each division and to the sweepstake winner at the awards banquet on the evening of Saturday May 5th, the concluding event of the extravaganza. Industrial and business concerns of Orange County are sponsoring the underwriting of the Science Fair to permit the presenting of awards.

### First Day Judging

The program for the three day spectacular has been arranged so that everyone will have ample opportunity to review the presentations. The first day is designated for judging of the entries and will be closed to the public.

### Thousands Of Visitors

The second day, "All Schools Day," will be reserved for the many thousands of junior and senior high school students in Orange County. These students will be transported to and from the Fair by bus during regular school hours.

### Dedication Highlight

A highlight of the third and final day will be the formal dedication and open house for SAC's new physical science building and gymnasium. Presenting the buildings will be Harold Gimeno, architect, and Allison Honer, contractor. Honored guests will be D. K. Hammond, SAC's first president, retired, and A. J. (Bill) Cook, SAC athletic director. Outstanding scientists will be invited to meet with student exhibitors at the concluding awards banquet.

## Art, Music, Writing Prizes Given For 'Fine Arts' Week

"Scores of Orange County high school and college students will participate in the annual Fine Arts Week at Santa Ana College slated for May 14 through May 18, said John "Sky" Dunlap.

Programs throughout the week will highlight journalism, art, drama, music, literature, and spring sports.

Orange County high school and college students will be guests on the campus for the various events, the largest being the third annual Journalism Day, May 17, featuring workshops, discussions on photography, an awards banquet, and talks by outstanding authorities in the professional field. Nearly 100 awards will be given in categories of newspapers and yearbooks. A sweepstakes trophy will be awarded the best-all-around newspaper and for individual achievements, a trophy will be presented for the second time to the Best Journalist.

Drama students from all over Orange County will attend a late afternoon professional workshop and banquet. The group will be divided with half attending an afternoon dress rehearsal for the college Players production of "Salt For My Partner," and the others attending an evening dress rehearsal. The play will be presented Tuesday through Saturday

as an added feature of Fine Arts Week.

Woodwind quintets from county high schools have been invited to SAC for an evening of Chamber music on Wednesday. Sam and Louise Pratt, harp and flute artists from Hollywood will present a series of selections and offer a critique of the performances of the high school groups. SAC's woodwind quintet will also perform.

## Hawaiian Dons Ready For Luau Holiday In Union

Tonight, Hawaii will ride high at Santa Ana College for the annual Luau in the Student Union beginning at 8 p.m.

Palm-frond huts, Hawaiian leis, and beachcomber costumes will give atmosphere.

Ivy Leagues, a six piece orchestra will provide the dance music, and a buffet dinner will be served throughout the evening.

The traditional affair is being sponsored by the Los Caballeros and Circle K, men's service organizations. Co-chairmen of the event are Russ Behrens and Jerry May, presidents of the clubs.

Admission is \$1.50 per couple and dress is Hawaiian or nautical.

## Corser's Econ Class Hears Businessman

William Corser's Econ 1B class yesterday heard a lecture by Mr. Otis Johnson, Orange county manager for the National Cash Register Company on automation and the possibilities of jobs in the business machine field.

### DRIVING CONTEST

\$3000 in scholarships will be awarded to the top three drivers in the annual Teen-age Road-e-o held in Washington, D. C. August 6-9. Entries for the local Road-e-o, sponsored by the Junior Chamber of Commerce, must be mailed to P.O. Box 955, Santa Ana by April 25.

Winners of the local Road-e-o go to Washington, D.C. and compete in four day finals to pick the nation's top teen-age drivers. Anyone who has not reached 20 years of age by August 10, 1956 is eligible if he has a driver's license.

## Heavy Schedule In Schools Week

By Sharon Boucher

SAC will be host to hundreds of community visitors during the 7th annual observance of Public Schools Week, starting this noon and continuing through next week.

Public Schools Week will be observed throughout the city schools system, with an adult education panel Monday night. The Orange County Publishers Association, Santa Ana Republican Women, the Rotary, Exchange, Kiwanis and Breakfast Clubs will participate in the college observance.

### Club Speaker

Thomas Van Osdall, chemistry chairman, will speak to the Rotary Club Tuesday and the Kiwanis Club Wednesday on "We Need More Scientists," and also to the Exchange Club.

Wednesday morning, Harold Moormaw, engineering chairman, will speak to the Breakfast Club Thursday noon.

### Union Breakfast

All groups, with the exceptions of the Breakfast Club and the Orange County Publishers Association, will hold luncheons in

the Student Union.

After the Publishers Association dinner Friday evening, a panel on "College Journalism" will be conducted with John "Sky" Dunlap as moderator. Carl Venstrom, journalism chairman, will comment on the SAC journalism program.

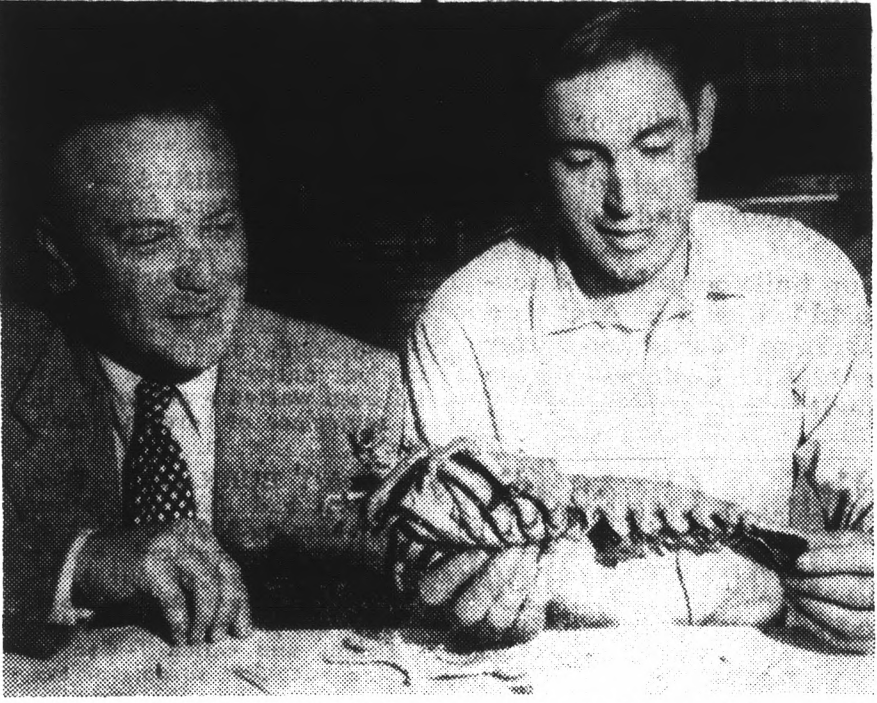

### Republican Gathering

Republican Women of Santa Ana are holding a luncheon in the Student Union today, with an afternoon session in Hammond Hall devoted to school problems. Members of the Board of Trustees and the college administration will be honored guests.

### School Dedicated

Speaker at the Republican Women's meeting will be Mrs. Edith Stafford, a member of the Los Angeles board of education and a former long time Santa Ana resident.

Other community observance of Public Schools Week include participation of Santa Ana High Tuesday, elementary schools Wednesday, and the junior high schools Thursday. The new Ralph Smedley Junior High will be dedicated Monday.

LOBSTER ALA SCIENCE FAIR — Henri Lirette, left, and C. Riley McKinney, of Garden Grove High, inspect examples of marine life that will be on display at the Science Fair in Bill Cook Gymnasium. Lirette is in charge of the physical arrangements; McKinney is executive director. Hundreds of Orange County students will place science displays in the gym May 3, 4 and 5. (SAC Photo)

## RCA's Specially Designed PA System Breaks Sound Barrier In Cook Gym

By Dick Lloyd

The sound barrier was broken in Bill Cook Gymnasium this week following the installation of a specially engineered public address system.

The public address system, designed exclusively for the SAC gymnasium by RCA, completes the installation of every sound facility which can be provided in a public address system.

The newly installed unit consists of three sound systems, the first of which is a series of four speakers directed to the main floor. The second and third systems have two speakers each, facing the east and west grand stands.

The PA system now makes possible the playing of music from records, tape, or live radio broadcasts, in addition to providing facilities for special events held in the gymnasium.

Microphone stations are conveniently located throughout the gym at three points. The first, located at the south end of the

floor, is set up for four microphone outputs, to be used by major groups occupying the floor. A duplicate arrangement has been installed on the west side of the floor in the press box.

The third station is the sound control room, located just off the foyer. This room includes the amplifying and record playing units, along with a monitor, which enables the engineer to hear what is being played over the loudspeaker.

In addition to the newly installed public address system, SAC gymnasium also has permanent broadcasting trunk lines for radio station KWIZ and also television conduit lines.

## 5 Students Win Annual Scholarships

Five SAC students walked off with the top awards and scholarships this week as winners of three separate contests were announced.

Jean Cottrell, editor of the Tavern Post and pre-teaching major, was named the winner of a \$100 scholarship presented annually by the Business and Professional Women's Club of Santa Ana. An Anaheim resident, Miss Cottrell plans to enroll at the University of California, Berkeley, this fall.

Donald Doyle and John Lawson won first and second place respectively in an essay writing contest sponsored by the Santa Ana Board of Realtors. Open to college students at SAC, Fullerton, Orange Coast and Chapman College for the first time this year, entrants were required to write on the subject, "Why I Want My Own Home."

Doyle is an engineering major while Lawson majors in Psychology.

Jim Wheeler, business education major, and Eleanor Watson, secretarial major, were named \$100 winners in the annual Bank of America awards.

Wheeler and Miss Watson were selected from representatives of more than 30 colleges in Southern California. They will receive their awards June 5, at a banquet in their honor at the Statler Hotel in Los Angeles.

TROPICAL BLAST — Discussing plans for tonight's convention of south sea sinners and beachcombers are left to right, Bob Munro, Carol Pinkston, Russ Behrens and Sam Peden. While illustrating the proper attire for the annual Luau, the foursome decided to check all steamer schedules to Tahiti, Hawaii and Samoa for future reference. (SAC Photo)

## SCHOOL WEEK

Public Schools Week is April 23 through the 27, celebrating one of America's oldest and most cherished institutions, our public schools.

Santa Ana College will be one of thousands of public education institutions celebrating this week across the United States. Civic Clubs, service organizations, and Orange County Publishers Association will meet on campus to talk over many phases of public education. Thomas Van Osdell, SAC science teacher will speak on "We Need More Scientists" as one of many faculty speeches throughout the week.

Citizens who want an education are served well by Santa Ana College, in day school and extended day classes as well as night classes which are filled to capacity in many cases.

Santa Anans are fortunate to have a junior College to afford an education to those who might not get one otherwise. Many students in adult evening school come to school just because they want to learn, and not for degrees.

America was, and is being built on public education. This has made it the world leader it is. And on a local scale, Santa Ana, and Orange County are better places to live because of Santa Ana College—where anybody who thirsts for knowledge can achieve it!

## Many Rare First Editions Given City Schools; On Display Fine Arts Week

One of the nation's finest collections of rare "first edition" printing will be on display at Santa Ana College during Fine Arts Week, May 14-18 as a result of the recent gift of the incunabula pages by Vernuer Pratt, a Fullerton inventor.

"Mr. Pratt was a visitor at last year's Fine Arts Week and was so impressed with the achievement and emphasis on journalism and fine printing at the college that he decided to give his collection to the Santa Ana schools," said John "Sky" Dunlap co-chairman of Journalism Day.

The score of framed pages from world famous first edition books hung for many years in the New York Press Club.

The showing will be the first in this area and will be included among many other exhibits in the Student Union.

Among other things, Mr. Pratt developed the micro-film process and is credited with many other inventions.

Tentative plans for the observance of Fine Arts Week at SAC will cover the activities of drama, music, journalism, art, and the library, in addition to the scheduling of the Spring Sports Banquet on Tuesday, May 15.

Drama majors from Orange

## Take A Look At Next Year

Dear Mr. Editor,  
Ever since football season I have heard a lot of gripes about our coaching staff and poor teams here at SAC. These gripes seem to carry over to other things such as poor school spirit, and an attitude of "nothing to do" on campus.

To those students who ask these questions and to others, I would like to ask, how many assemblies have you attended? Can you name five players on the Don baseball squad? How many board meetings have you attended? Have you ever run for a student body office?

If these answers are "no", then what do you expect in the way of school spirit. There was more school spirit stirred up over a couple of guys who wanted to play cards, than there was at all the football games or assemblies.

This school will sit here and rot before any teacher, coach, or administrator can inject any life giving spirit. This college will become what the students make it today.

It is going to be up to this years freshman class. If you want next year to be dead then don't run for any ASB office. I would like to see some people on this campus get aggressive and show what they can do.

Respectfully,  
Bud Dowling

County high schools will be invited to attend a professional workshop and drama banquet on Monday, May 14, with one-half of the group attending a matinee-dress rehearsal of the forthcoming College Players production, "Salt For My Partner." The other group will attend an evening dress rehearsal.

Woodwind groups from surrounding high schools have accepted the invitation of SAC music chairman, Rees G. Olson, to join with the Don woodwind quintet for an evening of chamber music.

More than 300 high school and college newspaper and yearbook staff members will attend the journalism workshop on Thursday.

## Frontier Days Relived Again On Book Shelf

Sketches of knives, guns, currency and almost everything western, including the first Bull Durham trade mark is pictured in the book, *THE LOOK OF THE OLD WEST* by Foster Harris, currently featured in the SAC library.

A dugout and sod house are also pictured, with instructions for making them detailed enough to follow, in case one finds themselves stranded on the prairie.

THE FRONTIER YEARS by Brown and Felton, tells of the buffalos, Indians and Custer's last stand in the territories of Montana, Dakota and Wyoming, America's last frontier.

In THE AMERICAN WEST, Lucius Beebe and Charles Clegg, recreate the tremendous epic of the American west with an abundance of rare pictures and authoritative text.

Oscar Lewis tells about the 430 miles of rugged peaks and granite spires, mountain meadows, crystal lakes and snow-fed streams that holds "something for everybody" in the HIGH SIERRA COUNTRY.

## ¡Caramba!

By  
El Don Mitchell

CLEVER — Two students have written letters to the editor of El Don these past two weeks. It's odd how letter to-the-editor writers think they are so clever that they must take pen in hand and give advice to everyone.

HOOKED UP — Betty Petras cutest of campus queens is engaged this week to 2nd Lt. Robert "Rocky" Plant, a marine chap who plays with F9Fs over Betty's jarhead ranch.

STRANGE THINGS — I was nibbling at cafeteria fare the other day with Salhuddin Kadri of India while we were having a go-round about Jawaharlal Nehru, Indian Government head and overheard Lawrence Ebiara and Sanae Ishida of Japan cavorting in their native tongues. Felt like I'd been waited away to the U.N. or someplace of foreign flavor.

DON'T BURN IT! — Dick Morris had fun the other day burning \$80,000 worth of tickets accumulated over eight years or so. When finance manager Mooris took over the job he found all the tickets and called T-Men to find out what to do, for tax purposes. They all tramped down to a local lumber yard and fired the whole works.

FILTH — Now that the card playing public has been run out of the snack bar and into the lounge, they have carried their dirty habits with them. The lounge is twice as dirty as usual. Student "dealers" are eating their lunches in there and throwing cigarette butts around the place.

Gruff student-government officers who take "care" of the lounge posted "strong" notices in the lounge urging one and all to stop tossing dirt around. The only result I saw was one of the signs on a glass door had been burned off. Cards are also played all over the lounge instead of the specified areas. Why doesn't the student council get some teeth in their weak decrees?

WOW! — Am anxiously awaiting the world's greatest luau in captivity tonight. I understand Los Caballeros and Circle K, sponsors, are conjuring up a complete new style of dancing. All the latest squirms for ballroom use will be displayed tonight.

STILL TITTERING — Good job everybody came to assembly this week. Dr. HaHa Humbert speaking on the "Psychology of Laughter" had 'em rolling in the aisles. He should be feature editor instead of me. If assemblies were this good all the time attendance would be 99 per cent. And you just can't hardly get that kind anywhere, anymore.

## Wheelchair Student Aims Sights At Political Career

By Barbara Kramp

Formerly a North Carolinian, George L. Wester, now a political science major at SAC, says "I never knew what a Republican was until I was 18 years of age."

Since that time, however, George has come a long way. At present he is secretary of the Garden Grove Republican Assembly, and chairman of the fifth precinct.

During Easter vacation, Wester served as delegation chairman of the Santa Ana group which represented Missouri at the GOP Mock Convention at USC. At the convention, George gave the nomination speech for Governor William Stratton of Illinois, and served as chairman of a special caucus of southern states at the Hotel Commodore in L. A.

Wester, a sophomore, transferred to SAC last semester from LBCC, where he was moderator of the forum, and a member of the forensics team.

Contrary to general belief, George is not a disabled veteran, but rather a victim of an unfortunate accident in 1952. On June 10, he returned from a tour of duty in Japan and China with the

Naval Air Division of the U. S. Navy, and on June 15 recited his vows with Miss Barbara Ward of Seal Beach. Just 14 days later, he was lying in a hospital bed and had to reconcile himself to the fact that he would probably never walk again. June 29 he was in an automobile accident which severely injured his spinal cord, leaving his legs without use.

One of the most spirited students on campus, George, in his wheelchair scurries around to attend his classes which include 1 units.

His ambitions lie in the direction of politics where he would like to begin as a member of the State Legislature, representing the 75th district.

## SUMMER EMPLOYMENT

California Dept. of Employment reports that Mrs. Shirley Wilson will be on campus May 1 from 1 p.m. to 4 p.m. to interview applicants for positions as youth camp leaders during the summer months at mountain and seashore camps.

The summer jobs will last from 8 to 10 weeks and pay wages from \$75 to \$500 to college students. All interested students should contact Ernest Crain of the SAC placement office.

## Maytime Dance Plans Complete

SAC students will know for sure that "spring has truly sprung on the campus" when they attend the first Maytime Dance in the Student Union, May 12.

Couples will dance to the dreamy music of Howard Pampalin and his band, in a setting of flowers and gaily colored balloons.

"For the first time, this year we will crown a Maytime queen at the dance," said Susan Walker, social commissioner. "The queen must be a sophomore student and petitions can be taken out in the near future by sponsoring clubs."

At present the PA system is only used for dances and other social events. Morris has instigated a movement to collect bids from various electronic and radio supply houses. The lowest bid date is from Foster Barker Co. that constructed the sound system recently installed in the gym which will be available for future activities.

Morris suggested that it would be worth while if several of the men's and women's service clubs would promote the idea and assist various clubs with covering the cost.

## Bergeson Enthusiastic About New Don Sports Facilities

By Dick Lloyd

Elmer Bergeson, SAC sports equipment supervisor and trainer, is overflowing with enthusiasm these days having completed moving the majority of SAC's sports equipment into the new Bill Cook gymnasium.

The new equipment room, according to Elmer is, "Just what I ordered," being very spacious, with much room to spare for any additional facilities which may be acquired."

Bergeson, who is known by the SAC athletic department throughout the campus by the name of "Elmer," is also extremely pleased in the fact that SAC male students now have facilities to participate in a greater variety of sports.

The boxing room, which is located in the southwest corner of the gym, is presently awaiting the construction of an official size boxing ring. This room, according to Elmer, will also be used for wrestling.

He stated that the room located in the northeast corner of the gym will be used for tumbling, and also there will be ropes and trapezes erected on the main floor of the gym.

As an aid to the varsity players, one wall in the boxing room has been painted white to permit the showing of athletic films.

Originally planned in the gymnasium was a target room for pistol shooting, which was to be located above the foyer. But, unfortunately, the ceiling was found to be too low to allow for the trajectory of the bullet, therefore eliminating that possibility.

Bergeson, the well known morale builder for SAC athletes, expressed delight in the fact that the gymnasium has a separate first aid room, which will also house the new whirlpool, ordered for the use of the college athletes.

## DONAS HOST 25 COLLEGES

"It's a Womans World" is the theme of the 28th annual AWS-WAA Conference slated for Santa Ana College next November 3.

"Approximately 25 Southern California junior colleges will send delegates to the fall meeting," said Miss Agness Todd Miller, dean of women.

A Planning Conference was held at San Bernardino Valley College April 14 to decide the responsibilities for the conference. Responsibilities were given to El Camino, Glendale, San Bernardino, Long Beach, Orange Coast, Fullerton, Chaffey, and Compton. Santa Ana will provide name tags, the luncheon, and decorations for the assemblies.

Representing SAC at the conference from the AWS were president Roselaine Chapman, Marlene Meacham, and Barbara Kramp. WAA women attending were president Donna Stark, Donna Denio, Joyce Harris, Pat Rice, and Barbara Lindskog.

Miss Miller and Miss Isabelle Rellstab were resource instructors for the special conference.

## 'Socially Speaking'..

### ASSOCIATED WOMEN STUDENTS—

Women students are staging a cake sale on campus today in the Student Union from 11 a.m. until school closes. Roselaine Chapman, president, urges you to "buy a slice of your favorite cake to eat with your lunch in the cafeteria or snack bar. There will be delicious chocolate, white, yellow, spice, and miscellaneous varieties of cakes. See you there!"

### LAS GITANAS—

New members inducted into L. G. this past week are Cynthia Gordon, JoAnn Southworth, and Betty Mahar.

Las Gitanas will meet at the home of JoAnn Southworth.

### LAS HIDALGAS—

A constitution committee was appointed to recommend any changes in the constitution to the club. On the committee are Norma Deischl, Anita Aguilera, Susan Glasgow, and Deanne Kauffman.

### PRESS CLUB—

Plans are being made by the P.C. to tour the Tustin News, the Anaheim Bulletin, and the Santa Ana Register with discussions of the tours being held in classes. Later this spring, they will travel to Disneyland and hold their annual banquet.

## 1956 Del Ano Near Completion

In five weeks, Del Ano, Santa Ana College yearbook, will be on it's way to the binders, who will put on the finishing touches. Editor Dick Church announced that this years Del Ano is expected to be a better book than ever.

Special emphasis is being given to pictures. There will be more photographs and less reading matter.

The shortage of manpower on the yearbook staff has been the cause of many problems that have arisen. So far none have been critical however. One of the biggest problems is the shortage of artwork for the pages.

Throughout the year, attempts have been made to procure an artist but so far all attempts have been to no avail. If any student on campus has any ideas for artwork that he would like to contribute to the book, he would be assured of having his ideas appear in the book upon final publication.

## HIGH SCHOOL STUDENTS TOUR SAC CAMPUS

Nearly 400 Santa Ana high school seniors visited SAC campus last Tuesday with a view to fall enrollment.

Broken up into 13 groups, the seniors toured all departments of the college.

"They seemed favorably impressed with our facilities, and asked many good questions," Dr. Johnson, dean of men, reported.

Tuesday morning the visitors took the cooperative English exam, and the A.C.E. test in the afternoon.

## Track Foes Tilt Dons Before League Prelims

Don trackmen engage in their final practice meet today before turning to the Eastern Conference preliminaries on Wednesday of next week.

Chaffey and Fullerton will provide the fodder for SAC's spikes today, the triangle affair to be held on Don field.

Neither of today's opponents are expected to hamper the Dons to any extent, and SAC is predicted to wade through all other opposition except Mt. San Antonio in the league preliminaries to be held at San Bernardino.

Fullerton unofficially attended the meet last week held on Don field featuring Mt. SAC, OCC and Santa Ana, but scored in only three events, garnering two fourths and a third. Chaffey, although owning a more successful record over the season than the Hornets, will have to go some to dent the Dons in today's meet.

Favorites to dominate the preliminaries next week are Mt.

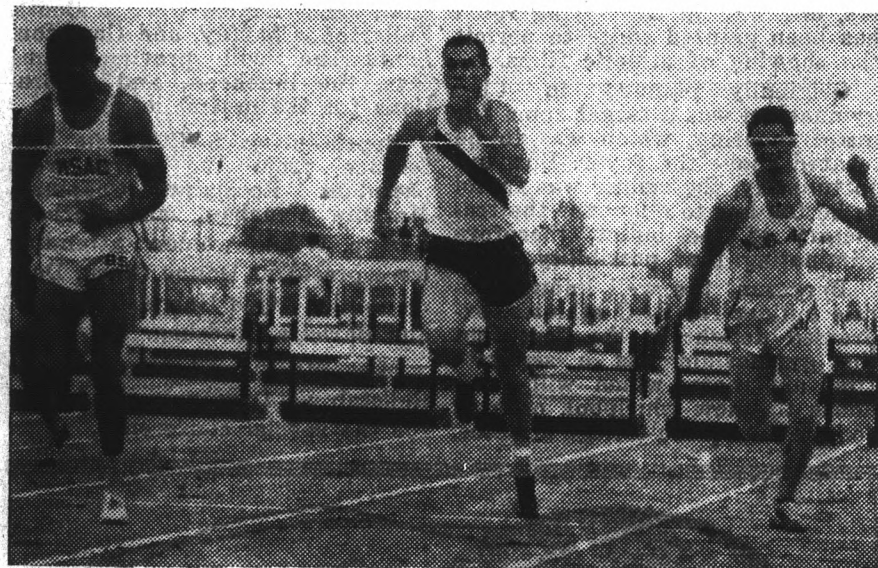

SAC's powerful Mounties, who will be in strong contention for league and Southern California honors.

The Dons' lack of depth was a contributing factor in some of their earlier defeats this season, but the stumbling block will be partially removed next Wednesday by the larger number of schools competing.

SAC's distance combination of John Kershaw, Jim Giyer, Lee Mathews and Jack Currier have scored consistently in earlier meets and will be some of the Dons' hopefuls for upsetting the Mt. SAC crew.

Jon Winter and Dave Krowel have good prospects of dumping their favored Mountie counterparts in the high and low hurdles.

Field event men Joel Habener, Rod Jones and Jerry Kocurek, broad jump, Dave Whalen, shot put, and Bill Hammond, javelin and pole vault will spearhead the Don attack in the field.

**SURPRISE FINISH** — David Krowel, center, sneaked under the wire in the 120 high hurdles last Friday to break up Mt. SAC's one-two punch of Allen and Somers with a second place. Mt. SAC won the meet with 107 points to the Dons' 39.

(Photo by Don Mitchell)

## Mt. SAC Cindermen Outscore Dons, OC In Three-way Meet

Mt. SAC College's vaunted track juggernaut again lived up to its press clippings last Monday by bowling over the Dons and Orange Coast here in a three-way meet, the final score reading Mt. SAC 107, SAC 39, OCC 14.

The Dons thoroughly trounced the Orange Coast crew, and will be the runner-up favorite when the Eastern Conference powers clash at San Bernardino next week in the EC preliminaries.

### Mounties Dominate

The Dons got only two firsts as the Mounties annexed 10 of the possible 15 blue ribbons and tied for another. Orange Coast came on strong in the field events to garner two firsts and a tie for second, but were blanked in all running events.

SAC swept the opening event, the mile, when Mt. SAC failed to enter. Jim Giyer ran the distance in 4:27.2 minutes, followed by Jack Currier and Bob Coon.

### Kershaw Wins

John Kershaw accounted for the Dons' second first, winning

the 880 easily. Jim Giyer was running third in the same event but fell on the last turn.

Santa Ana failed to score better than third place in any field event. Bill Hammond and Dave Whalen got thirds in the javelin and shot put respectively.

## Chaffey Team Ties Don Golfmen, 15-15

Chaffey College's sharpshooting golfers surprised the highly-touted Don team last Monday with a 15-15 draw, sinking the Dons' stock in the Eastern Conference playoffs next month down another month.

Riverside will furnish the opposition for SAC today, the match to be played at Riverside. This will be the last outing for the Don crew until the conference tournament at Orange Coast, May 11.

The state tournament will be held at Bakersfield on the 14 of May.

## Diamonders Top Don Nine Play Favorite To Mountainmen Mt. San Antonio Crew

By Connie Moore

SAC's baseball nine hosts Mt. San Antonio today at Memorial Park with the game time at three o'clock for the second contest between the two clubs in the past three days. The Don horsehiders

traveled to Mt. SAC for a make-up of the rained out contest which was to have been played on Friday but was rescheduled for last Wednesday. The Dons lost 11-2.

### Mounties 2nd In EC

The Mounties are holding down the second slot in conference standings, having lost to Eastern Conference champ, Orange Coast.

The lineup presented against Mt. SAC will be quite different from the one which started the first game for SAC by coaches Bill Cook and Don Davis. Pitchers Al Banks and Charles Berryman have chucked fine ball for the college but are short on relief. Chuck Berryman will pitch today.

### Hunders Drop

The Dons were jolted this week when Bill, Bob and Gene Hunders left the team because of outside work.

### POLICE STOP LBCC —

Not many opponents of the Long Beach City College baseball team have been able to stop them, but they were subdued Saturday by the California Highway Patrol. The patrolmen were alerted in Orange County and the Southland to stop a bus load of baseball players from LBCC because their game with Bakersfield had been cancelled.

Officials at Bakersfield Junior College had called Long Beach to inform the Vikings that a game scheduled Saturday afternoon had been rained out, only to learn that the bus load of ball players had already left for the north eight hours before game time.

### KANSAN PUTS 60 Ft.

Bill Nieder, a prime candidate for the U. S. Olympic team, put the shot 60 feet 5 inches in leading his University of Kansas teammates to a win over Oklahoma A & M in a dual track meet. Nieder's effort makes him the second man to put the sixteen pound shot 60 feet or over in an organized meet. Only world record holder Perry O'Brien had achieved this mark previously.

O'Brien, world's record holder at 61 ft. 5 and one quarter inches, has also a 60 foot 10 inch toss with the 16 pound ball to his credit.

### MAJORS OPEN PLAY —

Tuesday marked the beginning of the Major League races after a brisk Grapefruit League exhibition series came to an end. Both the National and American leagues are predicted to be closer races this campaign with the Dodgers and Yankees picked to repeat as flag winners.

## Racketmen Play Co-EC Leaders

Still undefeated in league play, the Don tennis team will play one of their co-league leaders today, Fullerton College. Chaffey, who also holds an unbeaten record against conference competition, will play SAC Tuesday.

If the Dons can still lay claim to an undefeated record with Eastern Conference competition after the Chaffey match, SAC will undoubtedly enter the EC tournament May 3 as favorites.

Tuesday the Dons pushed another league foe's championship stock down, routing Mt. SAC with a perfect score.

Summaries: singles, Bader (SA) def. Edwards (Mt. SAC), Lamb (SA) def. Batelaan (Mt. SAC), Barber (SA) def. Stroh (Mt. SAC), Hunt (SA) def. Cartwright (Mt. SAC), Hitt (SA) def. Jones (Mt. SAC), and Peden (SA) def. Garner (Mt. SAC).

Only one doubles was finished before lateness forced the other two to be cancelled. SAC's combination of Peden and Hitt won.

Frank Grizzelle, first baseman

Trying to strengthen the defense and get more runs on the ledger several changes were made by coaches Cook and Davis. Dan Profant was installed at 3rd, Davaus for Ellis was brought in from the outfield to play 2nd, and Lloyd Foster moved in behind the plate.

The Preferred Campus Slack at  
Santa Ana College

A sleek campus classic—with volumes of style. Continuous waistband, slimly tapered line, big hip patch pockets —they've got everything! Choose them for breeze-weight comfort in a variety of washable fabrics. . . The season's newest colors. Waist size 26 to 36.
